The KSFC Autumn Conference has been held consecutively and successfully in Korea every year. The conference series has been offering a great opportunity for the participants to show their innovations, to exchange their new research ideas, and to share their latest results in the fields of fluid power and construction equipment.

This time, the KSFC 2015 Autumn Conference on Drive & Control will be held at Pukyong National University, Busan, Korea, on October 22 to 23, 2015, sponsored by the Korean Society for Fluid Power and Construction Equipment. The KSFC 2015 International Session will be held on October 23, 2015, with the same conference venue.

TOPICS
The organizing committee of KSFC 2015 – International Session is soliciting participants for oral presentations in organized and ordinary technical sessions covering but not limited to the following topics:

- Hydraulic Components and Systems
- Fluid Power for Mobile Machines and Transmissions
- Mechatronics, Automation and Control in Fluid Power
- Modeling and Simulation
- Conditional Monitoring and Fault Diagnosis
- Environment Problems and Solutions
- Novel Industrial Applications of Fluid Power
- Advances in Water Hydraulics and Pneumatics
- Other Topics of Interest in Fluid Power, Drive and Control

CALL FOR PAPERS
Prospective Authors for technical sessions should firstly submit an abstract (up to 400 words, including space) for consideration. The format for the abstract can be downloaded from the official website (It will be announced later). All abstracts must be submitted by August 31, 2015. We would like to invite our colleagues new to these fields to participate in this conference also.

CONFERENCE VENUE
The conference will be held at the main campus of Pukyong National University, located in Busan (Pusan) City, Korea. Situated on the most south-eastern portion of the Korean peninsula, Busan is Korea's second largest city and the number 1 trading port. Korea's first truly international city, Busan connects Asia, Europe, and North America.

This geopolitically situated harbor city sits adjacent to the Korean Straits and Japan, bringing about an interchange of trade and tourism. This intercultural current has made Busan into the international metropolis it is today.

GENERAL INFORMATION

1) Date:
   - Domestic Session: October 22-23, 2015
   - International Session: October 23, 2015
   - Tutorial: October 22, 2015
   - Technical Tour: October 23, 2015
   - Banquet: October 23, 2015

2) Conference venue address:
   Jangbogo Hall, Pukyong National University, Busan City - 45 Yongso-ro, Nam-gu, Busan (608-737), Korea (http://www.pknu.ac.kr/usrEngIndex.do)

3) Sponsor: The Korean Society for Fluid Power and Construction Equipment

4) Language: International Session – English Only
