Call for Papers

The 8th China-Korea-Japan Joint Workshop on Fluid Power

Friday, July 30th, 2027

Hefei, China

Topics but not limited to:

- Application of control theory
- Aqua drive and water hydraulics
- Cavitation and fluid mechanics
- Components and systems
- Construction, mining, and agriculture
- Energy saving and clean energy
- Medical and welfare equipment
- Micro/nano machines
- Robotics and mechatronics
- Simulation and modeling
- Tribology, seals, and contamination control
- Fault diagnosis and monitoring

New results on fluid power will be discussed face to face. Only the extended abstract is required! You can also participate in the International conference FPM2027 starting the next day, 31th July-1st August, 2027.

Deadline for Extended abstract submission:
January 24, 2027
Notification acceptance: March 28, 2027
Free registration fee for speakers
